According to many users, the app suffers from bugs that makes it hard for users to follow other users on the app. Some cases include not being able to see some of the filters used in a video or even being unable to see people's comments on posts. There have also been allegations by multiple users that their accounts have been hacked or deleted without their consent. On December 13, 2021, the company faced backlash over its handling of inappropriate content and in turn lost a lot of users. In some cases, people have had their accounts deleted without the option to retrieve."

Musical.ly is headquartered in Beverly Hills, California with offices in Hangzhou, China as well as in London and Hong Kong. The company also has a "See Inside" virtual tour of all Musical.ly's headquarters which was published during the 2021 annual shareholders' meeting on April 27, 2021; alongside overviews of Musical.ly's Silicon Valley and London offices as well as a picture of Musical.ly's mid-sized office in Hong Kong."

In an article published by Motherboard, it claimed that "TikTok has grown hugely popular among teens around the world as a social media platform. Teenagers use TikTok to post videos of themselves dancing or giving their cats a bath, for example. The app makes money from selling ads – which are also extremely popular among teenagers and young adults." This article was published on Motherboard."

The TikTok content creator can only exchange the Diamonds to get real cash, once they reach the 100 USD threshold and the maximum amount of withdrawal that can be done in a day is of 2021 USD. 100 TikTok coins = 1 USD. 200 Diamonds = 1 USD. 1 TikTok coin = 2 Diamonds.

Let's understand this with the help of an example:

TikTok may be missing features such as a video editor, and its data intensive nature may make it difficult for the app to gain traction in markets where data usage is increasingly expensive."

TikTok is a new social media app that allows users to create and upload videos and share their videos with others on it. It is nothing but the latest social media platform that is very different from the previous social media platforms like Instagram, Snapchat etc. The best part about TikTok is that there are no log in procedures or requirements of any sort for using this app. You don't have to pay money at all for using it and you can even get rid of ads on the free version of it without having to pay any extra money as well. There are no restrictions regarding temping the app at all either which makes it a little bit better than Snapchat or Instagram"

In September 2021, it was reported by Chinese state media Xinhua News Agency that a 17-year old girl in central China had killed herself after sharing several TikTok videos about her suicidal intentions with friends. In an interview with The Washington Post, the girl's mother confessed that her daughter's death was due to the highly negative comments she had received from other users on TikTok regarding her appearance."

In another article published in the U.S., it was noted that "The TikTok app is raising safety concerns among parents of young users. It is trying to limit bullying and inappropriate content like nudity, but some families say the new policies are doing more harm than good." This article also indicates that "After several parents complained about inappropriate content, the company changed its policy on who could use the platform: People under 18 can use it only if they have parental consent, while ages 12-13 require written permission from a parent or legal guardian. Now, the app has more than 200 million users worldwide." This article was published on NBCNews.",
